

J. ABISHEK

SOFTWARE DEVELOPER | FULL-STACK WEB DEVELOPER

077 105 5842 • abishek31as@gmail.com • Sri Lanka

GitHub: Add URL • LinkedIn: Add URL • Portfolio: Add URL

PROFESSIONAL SUMMARY

Motivated Software Developer with hands-on experience designing and developing responsive web applications using HTML, CSS, JavaScript, PHP, and MySQL. Experienced in building database-driven applications with authentication, dashboards, content management features, and responsive user interfaces. Strong interest in software engineering, web application development, user experience, and continuously learning modern technologies.

TECHNICAL SKILLS

Frontend	HTML5 • CSS3 • JavaScript • Bootstrap • Responsive Design • UI/UX
Backend	PHP • Node.js • Express.js • REST API fundamentals • Authentication • Sessions
Database	MySQL • MongoDB • SQL • CRUD • Database Design
Tools	Git • GitHub • Visual Studio Code • XAMPP • phpMyAdmin • Chrome DevTools
Learning	React.js • Advanced JavaScript • REST APIs • Full-Stack Development • Cloud Deployment

PROJECTS

MathsWorld — Education Management Platform

Technologies: HTML, CSS, JavaScript, PHP, MySQL, Bootstrap

A full-stack education platform designed to provide students and teachers with organized access to educational resources.

- Designed responsive frontend pages and structured the platform for grades, subjects, notes, past papers, and model papers.
- Implemented PHP/MySQL authentication, student and administrator sessions, dashboards, and role-based access.
- Developed database-driven material, past-paper, model-paper, message, and activity-management features.
- Tested and debugged the application using XAMPP, phpMyAdmin, browser developer tools, and local hosting.

Software Developer Portfolio

Technologies: HTML, CSS, JavaScript

A modern personal portfolio website designed to showcase software development skills, projects, education, and professional information.

- Created responsive layouts, navigation, project showcase sections, skills, education, and contact areas.
- Added interactive JavaScript components and mobile-friendly behavior.

Soba Fashion Website

Technologies: HTML, CSS, JavaScript, PHP, MySQL

A business website concept for showcasing tailoring, Aari work, handmade jewellery, and dress collections.

- Designed service and product presentation sections with responsive layouts.
- Planned PHP/MySQL authentication and management functionality for future expansion.

EDUCATION

B.Sc. Mathematics (R)

Institution: Add University / Institution Name • Location: Sri Lanka • Year: Add Dates

Relevant strengths: Mathematics, analytical thinking, logical reasoning, problem solving, and mathematical modelling.

CERTIFICATIONS

- Add completed software development / web development certification — Institution / Platform — Year
- Add additional relevant certification — Institution / Platform — Year
- Add additional relevant certification — Institution / Platform — Year

EXPERIENCE

Independent Software / Web Developer

Sri Lanka • Add Start Year – Present

- Designed and developed responsive websites and database-driven web applications.

- Built frontend interfaces using HTML, CSS, JavaScript, and Bootstrap.
- Developed backend functionality with PHP and MySQL, including authentication and session management.
- Created student and administrator dashboards, CRUD workflows, and database structures.
- Used Git and GitHub for version control and XAMPP/phpMyAdmin for local development and testing.
- Worked on deployment and hosting configuration for public web applications.

PROFESSIONAL DEVELOPMENT

- Responsive web development and frontend engineering
- Backend development and database-driven applications
- Authentication, authorization, and session management
- Git/GitHub workflows and debugging
- Modern JavaScript and React learning
- REST API and deployment fundamentals

ACHIEVEMENTS & ACTIVITIES

- Designed and developed a complete education management platform for MathsWorld.
- Built full-stack applications using PHP and MySQL.
- Developed responsive websites for multiple project requirements.
- Created custom authentication and dashboard systems.
- Continuously developing practical software engineering skills through personal projects.

LANGUAGES & SOFT SKILLS

Languages	Tamil — Native / Fluent English — Professional Working Proficiency Sinhala — Add Level	Soft Skills	Problem Solving • Analytical Thinking • Communication • Teamwork • Time Management • Continuous Learning • Adaptability
